#### Bonus stripping

#### (viii) Exemptions from long-term capital gains

As per the provisions of section 54EC of the Act, taxable long-term capital gains [including gains arising on transfer of a long-term capital asset being units not otherwise exempt under section 10(38) of the Act] are exempt from tax to the extent such capital gains are invested, within a period of six months of such transfer, in acquiring bonds redeemable after 3 years and issued on or after April 1, 2007 by the National Highways Authority of India and by the Rural Electrification Corporation Limited. A ceiling of Rs 50,00,000 applies in respect of investment in such bonds in any financial year.

If the said bonds are transferred within a period of 3 years from the date of their acquisition, the amount of capital gains exempted earlier would become chargeable to tax as long-term capital gains in the year in which the bonds are transferred.

As per the provisions of Sec 54F of the Act in the case of an individual or a HUF, specified taxable long-term capital gains [including gains arising on transfer of a long-term capital asset being units not otherwise exempt under section 10(38) of the Act] are not chargeable to tax if the entire net consideration received on such transfer is invested within the prescribed period in a residential house. If part of such net consideration is invested within the prescribed period in a residential house, then proportionate exemption is available.

#### (ix) Set-off and carry forward of losses

According to the provisions of the Act, the capital loss resulting from sale of units would be available for set off against other capital gains made by the investor and would reduce the tax liability of the investor to that extent. However, losses on transfer of units held as long term capital assets would be allowed to be set-off only against gains from transfer of long-term capital assets. Where such losses arising from sale of units held as capital asset cannot be wholly set-off, the amount of losses not set-off can be carried forward for a period of eight years. However, when the long term gains arising on transfer of units are not subject to tax then the long-term losses from such units would not be allowed to be set off or carried forward.

Under the Act, a loss resulting from the transfer of units held as stock in trade or trading asset would be available for set off against income under any other head other than income under the head 'Salaries'. Where such loss cannot be wholly set-off in accordance with the provisions of the Act, the amount remaining to be set-off can be carried forward for a period of eight years and set-off against income under the head 'Profits and Gains of Business or Profession'.

**Key Information Memorandum**

**(x) Rebate for STT**

No deduction would be allowed for STT while calculating capital gains. However, where the units are treated as stock in trade and the profits arising from the sale of units are taxed under the head 'Profits and Gains of Business or Profession', an amount equal to the STT paid by the Unit Holder can be claimed as a rebate from the tax payable on the income from such sale of units by virtue of the provisions of section 88E of the Act.

**(xi) Minimum Alternate Tax**
